We were first introduced
I was just five
I was young and innocent
I was just a child
But I knew then
That You were the one
I gave You my heart
My first love

CHORUS

And not a day goes by
When I don't think of You
You are the one that I belong to
You've always been true to me
You've been sent from above
And Lord You are
My first love
Oh Lord You are My first Love

And when I pulled away
You stayed by my side
You waited patiently
For me to decide
To come back to You
A accept Your love
And give back my heart
To My First Love

Every day with You
I cherish so much
You're always there to lift me
With your gentle touch
I know now
That You are the one
I give You my heart
My first Love

And of all the gifts
That You've given to me
Your gift of love has set me free
And with You I am
As pure as a dove
Cause You gave me Your Life
My first love
Yes You gave up your life
For me my love

And no matter what
This life has in store
My Faith is in You
My savior my Lord
And until we meet
In heaven above
I will seek your face
My first love
Oh Lord You are My first love

I love you
But you first loved me
And forever I'll praise You
Throughout all eternity
I will never stop
Telling you of
My love for you
My fist love

Oh Lord You are
My first love
